

The Book Store

A great opportunity to advertise and see books about the Province's history, town sites or topical histories in and around British Columbia.

BCHF Member Societies and Individual Members who have published books on B.C.history can take advantage of a much larger market and have their book(s) listed for sale in the Book Store on the Federation's website

Prospective purchasers can view the various titles available and purchase and pay through the Federation's Paypal account. Cost to the seller is a \$1.00 per book plus the small Paypal charge, usually under \$1.00.

At the time of a sale, the seller is emailed by the Federation advising Title, Sale price and Postage and Handling and the Name and Address of the Purchaser. The seller mails directly to the purchaser unless prior arrangements have been made for a mailing service. The Federation will issue a statement of all transactions and a cheque for the net proceeds every three months.

For further information and listing, contact sales@bchistory.ca. If you are not a BCHF member, contact the email address to find out how to participate. NOW IS THE TIME to retrieve that box of unsold books and share with the worldwide audience on the Federation's website.
