

HISTORIC TRAILS & SITES COMMITTEE
OF THE B. C. HISTORICAL FEDERATION
Box 38, Gray Creek, BC V0B 1S0

The B C Historical Federation supports the protection, preservation, and marking of historical trails, sites, relics, natural features, and other objects and places of historical interest in British Columbia.

With the intention of documenting a data base for the Province we are asking each Member Society to give us a list from their district of

Five most historic trails -----

Five most important and historic monuments -----

Five most important historical personages -----

Are the above adequately described or promoted? Do any need to be brought into the public focus?

Please prioritize the trails and sites from one to five. We realize that five is a nominal number given the rich history of BC, but with the many historical societies we need to keep the numbers manageable in order to implement this project.

Name and address of your Society or Organization ---

Your name and email address -----

Could we please have your reply within 60 days? (but 30 days would be better)

Please email to lymbery@netidea.com and jshwhitt@shaw.ca (both addresses please)

We very much appreciate your consideration and help.

Sincerely yours,
HISTORIC TRAILS AND SITES COMMITTEE
